

REIMAGINING THE
**ALI SULEMAN HABIB
4TH ENGINEERING
EXCELLENCE AWARDS**
IGNITING YOUNG MINDS,
INSPIRING CHANGE

The Ali Suleman Habib Engineering Excellence Awards, in collaboration with The Institution of Engineers Pakistan, have been recognizing outstanding contributions in engineering over the past three years. In line with Ali Suleman Habib's vision of empowering the next generation to shape the future of engineering and society, the awards now spotlight young innovators developing transformative solutions.

By supporting ground-breaking student projects, we aim to foster fresh ideas, encourage entrepreneurial thinking, and turn visionary concepts into real-world impact.

Objectives

Show case the next generation of engineering innovators

Transform innovative concepts into impactful ventures via tailored guidance and strategic support

Cultivate a culture of creativity and entrepreneurial spirit amongst young Engineers

1

Eligibility

3rd & 4th year undergraduate engineering students

1st & 2nd year graduate students

Engineers with up to 3 years post-graduation experience

Age: Under 28 years

2

Entry Timeline & Flow

Call for Entries

Initial Screening

Mentorship Phase

Technical & Innovation

Evaluation

Final Presentations

Award Ceremony

3

Submission Requirements

Project title & summary

Problem statement

Proposed solution & innovation

Social, environmental, and economic impact

Current project progress

Team profile (up to 5 members)

4

Evaluation Criteria

Clarity of problem statement

Innovation & originality

Societal/industry impact

Feasibility (concept and technical)

Commercial potential & scalability

Presentation and documentation quality

Team collaboration & mentor input

5

Recognition & Rewards

Funding to develop prototypes and

commercialize solutions

Mentorship from industry leaders
